

FINAL ROUND

1. Participants are working on the case study during the allocated time. During this period, participants must not communicate (either offline or online) with anybody outside of the team. If there is a suspicion that a communication happens, the committee has the right to disqualify the team and the decision is final.
2. Participants must uninstall communication softwares from their laptops: WhatsApp, LINE, Telegram, etc. If a participant opens such software, then the committee has the right to disqualify the team and the decision is final.
3. Participants must not use their cell phones while working on the case study. Participants must silent the cell phones and let their LO collect their cell phones.
4. Participants prepare a presentation of the case study result.
5. Participants submit the presentation file in the format of a PowerPoint file (pptx) to: <https://forms.gle/eA5VAq2uMyCgpmcG9>
Please set a password for the PowerPoint file.
6. Each team is given a chance to present the result in the predetermined order. After presenting the result, a team may attend the presentation of the following teams. Otherwise, the team waits until it is their turn to present.
7. The grading criteria is as follows:
 - Methodology (40%)
 - Analysis & Reasoning (30%)
 - Quality of Proposed Solution (20%)
 - Presentation (10%)
